

## **You Are the Great I AM**

We are but weak men,  
You are a strong God.  
We whisper praises,  
You sing a loud song over us.  
We offer filthy rags,  
You offer riches.  
Our love has failed You,  
Your love it washes over us,  
Over us.

Chorus:

You're the Rock on which we stand  
When the waves about us swirl.  
You're the ever-constant God  
In an ever-changing world.  
You are always in control  
Through the power of Your hand.  
You are the Great I AM,  
Yes, You are the Great I AM!

We are but small sheep,  
You are the Shepherd.  
When we're in danger,  
Your voice, it thunders through all the earth.  
We fear our enemies,  
They are Your footstool.  
And when we're faithless,  
You are still faithful to Your own,  
To Your own...  
(chorus twice)
